Personal Web Guidelines

What Makes The Personal Web Healthier

- Update Site Regularly

- Update blogs Regularly

- Update projects Regularly

- Communicate with People Regularly

- Have Online Discussions Regularly

- Constructive Criticism > Destructive Criticism

- Focus on Helping Others

- Work on Community Projects

- Practice genuineness, kindness, honesty, vulnerability, etc.

- Create things that you love

What Ruins The Personal Web

- AI Bots, SEO Shit, Subscribing To Newsletters

- Over-bloated JavaScript frameworks

- Inconsistent Websites/Blogs

- Trackers, Cookies, Millions of bloated advertisements fucking garbage everywhere

- Corporate ideologies

- Echo chambers and walling individuals off

- Our "Ideology" needs to win!

- Main Focus on Manipulation, Egocentrism, Likes, Followers, Money, Gossiping, Attacking Others

- NO SOUL
